

Cisco AnyConnect Secure Mobility Client empowers employees to work from anywhere on company laptops or personal mobile devices. It also provides the visibility and control security teams need to identify who and which devices are accessing their infrastructure. Existing AnyConnect customers can exceed their user limit to support an increase in remote workers, and new customers can access a **free license**.

Benefits

For End Users

- Highly secure access across popular PC and mobile devices
- Consistent user experience
- Intelligent, dependable, and always-on connectivity

For Security Administrators

- Low total cost of ownership from a single client providing multiple services
- Context-aware, comprehensive, and continuous endpoint security
- Extending flexible, policy-driven access to corporate resources across wired, wireless, and VPN
